# Media kit 2022

Our website **can be seen in any screen** thanks to its technology and design. No matter if your clients are using a computer, a phone or a tablet, they will see your ads. You can even **chose their location and the kind of device** they're using.

We also offer the possibility to create **microsites** focused on a company or topic.

There's also the possibility to publish **promoted content** as long as they comply with the magazine quality standard.

Our **daily newsletter**, with the latest news, reaches our visitors every day, so they can be up to date.

We can send **custom newsletters** according to your needs.
